Somoetimes life just treats you better than you deserve. This is one of those times, and I hope there are more of them!

I live in a suburb of Columbus, a couple miles from the university, and I just started working downtown for a marketing firm. We're the ones that send you all those beautiful full color fliers in the mail full of coupons and food offers. Well, the other night I came home a little bit early only to find my girlfriend's BFF, Denise, sitting in the kitchen of our house without Bella (my girlfriend) there. I thought that was a little weird, but not that unusual for her to be there – but not by herself.

Sexting can be an aphrodisiac...

So I asked Denise where my girlfriend was. She told me she went to the grocery store to pick up food to make dinner. I said "Okay, no problem." I noticed two glasses on the counter, so they must have been drinking some wine. Denise and I started to talk and I asked how her man, Bruce was. She said he was at work like usual, working long hours as usual. I told her that sucks. That with a girlfriend as pretty as her, he shouldn't be working as hard as like that. He should

be home with her. Denise blushed, looked down at the her glass and played her fingers around the rim.

Our conversation seemed to get more intimate as she mentioned that Bella was lucky to have me. I told her that I was happy to have her. I miss her during the day when I'm at work. I tell Denise that I usually talk to her everyday from the office, and she said she wished Bruce would do the same. I told her I sometimes send her sexy text messages during the day and she likes that. Denise laughed a little, but I could tell that it hit home. She wasn't getting the attention from her man that she would like when he's away from the house.

"You should see the ones I get from her." I said trying to continue the conversation. So I whipped out my phone and started showing her some of the sexting we do. I told her to come into the living room and I'd get my phone out of my briefcase. Denise grabs her drink and we find our way to the sofa.

Denise sat in the middle of the sofa, forcing me to

sit pretty close to her. I found my phone. Now I have never seen Denise's boobs but my girlfriend has, and she said that her nipples are pierced. Her boobs are large, and quite nice and full. I kept showing her the texts and I could feel her hard nipple against my forearm. I wondered if she was messing with me because I sensed she was getting closer to me. I kept scrolling up and when I came across a photo of Bella's pussy and ass spread open for me. Frankly, I thought those were deleted but I guess not. Denise said "Wow, that was quite unexpected." I quickly scrolled past it and apologized. Denise said she had not seen my girlfriend's pussy before she, but had seen her boobs, but that's about it. I told her that Bella told me she has seen yours and that your nipples are pierced.

I scrolled through the texts some more and kinda mumbled that I sometimes wished Bella's where pierced. Denise said that she liked hers that way, and that her man loves them. I said that I would love them, too. My phone must be magnetic because for some reason I moved my hand closer to her breast and I could feel the metal bar on her nipple. Then Denise said, "Well, since Bella got to see them, do you want to see them, too?" I was floored. "See what?" I pretended. I didn't expect to hear that from her. "My nipples." she said. My reply came out almost too quickly. "I'm not sure if that's a good idea. You're Bella's best friend and I wouldn't want something like that to create problems."

She replied, "It's not a big deal, They're only boobs. Every female has them." Before I could say anything more, she pulled her blouse up. Then she lifted her bra and I could see them, there right in front of my eyes. It stirred an amazing feeling I had running from my head to my lower head. I immediately got hard.

As she pulled her top down her head lowered and she saw the bulge in my pants. "Did that little peek at my boobs make you hard like that?" she asked, still looking there. Trapped! "Uh, I was... they are... can't believe they are so big and your nipples are amazing. Then what she told me next was, I thought, a little unusual. She looked up at me, took a sip from her glass and said that Bruce was an ass man. I said, "That's unbelievable. With such gorgeous boobs and nipples like yours, he should be adoring them every minute of the day."

I think that made her blush. She took another sip of her wine. Then she put the glass down on the coffee table and to my surprise said, "Would you like to feel what they're like?"

I said, "I don't know if I should. What if Bella was to walk in right now?" Denise lifted her tops once again and said, "She'll never know, I won't say anything." With that statement, I proceeded to touch one of them and then the other. There they were, right in front of me. Then what I did I do next? I leaned forward and proceeded to suck on one of her nipples. I noticed that she didn't pull away. It was surprisingly nice to have that tiny barbell in my mouth. She started to moan and I just kept on sucking her nips.

Then, much to my surprise, her hand found my cock

Affigthe bomb!

and started to rub it over my pants. I was shocked and that was making me even more hot and confused.

In the meantime, we lost sight of the time and Bella had come inside and walked in on us. She saw us going at it and what she did next was totally unexpected. She stopped at the living room door and got undressed. She started to walk towards us when I noticed her. But before Denise and I could do anything, Bella said, "I hope you're having fun. Please don't stop on my account."

Denise didn't say a word, but took off her top, her bra and stood up to take off her pants and panties. I looked around and couldn't believe what was going on around me. By now, Bella had walked over to the sofa and the two ladies embraced and kissed right in front of me. Their hands roamed over each other's body and Bella's stopped at Denise's nipples and began to pull gently on the silver studs. Denise's hands found their way between Bella's legs and started massaging her pussy.

made me even harder, if that's at all possible.

I reached down and my fingers found my girlfriend's mouth and she licked them thoroughly. I rubbed them around Denise's anus and wetted it down. I stuck a finger in up to the first knuckle. I replaced my finger with my rock hard cock and slowly pushed it in. I look down and see my girlfriend eating her friend's pussy from the bottom as I was fucking her asshole. It didn't take long before I came in her ass. My girlfriend was underneath her and saw that Denise's ass was dripping down and she started to lick between her pussy and her asshole. I lowered my cock and Bella licked it clean while Denise was still licking her pussy.

The girls got up and Denise started sucking my cock back to life. She told Bella to ride it and she got on me with her back to me. Bella's bobbing up and down on my cock and Denise sits right in front of us and begins to play with my balls and Bella's pussy. Soon she replaces her hands with her mouth and begins by licking Bella's pussy and clit. She's also fondling my balls

Then, again in unison, they both dropped to their knees in front of me and Bella grabbed my cock and offered it to Denise. She started to suck my cock and then she passed it back to Bella. The two sucked, alternating between my cock and balls and I was in heaven. Then they broke it off and the two ladies fell on the sofa with Bella on the bottom and Denise on top of her in a sixty-nine position. I got behind Denise and began to rub her wet pussy. Denise lifted her head from licking my girlfriend's pussy to tell me that her pussy is reserved for her man, but I could fuck her ass. That

as Bella moans long and loud. Now her mouth engulfs both my balls. She turns her head slightly so her nose doesn't get hit, and I feel her tongue working them inside her mouth. Finally, Bella is cumming and Denise goes to work on her clit with her hand. That sends my girlfriend over the edge and she cums in waves.

That leaves Denise without an orgasm. We work on her together and Denise starts cumming. Soon the two ladies lay on the sofa, spent. I gather up my clothes and head into the kitchen to put the groceries away.

orlamagamet

I have a nice pool out back where I can go relax. I love where I live. There are hot guys living in my complex. One day, there was this guy who was so hot that when he came out to the pool where I was sunning, I grabbed his stuff off the patio table while he was swimming. When he came looking for it, I told him I saw this girl take it and go into the complex. He asked if I knew who she was and where she lived, I told him that I did. I had him follow me into an apartment, opened the door and told him it was my place. I took off what was left on him and proceeded to fuck his brains out. I love where I live.

ANNIKA

Nothing is sweeter than the sound of woman saying, "Yes!" Unlike many other submissions to Girl Next Door, Annika included a long letter explaining why she is sending in her pictures and video. The break up with her boyfriend ended up with her throwing him out of the house. She wanted revenge on her ex and this was her way.

MYAH

Myah is a sexy brunette. She was having problems with her grades in college. So, she started to think of ways that she could seduce her professor like any gorgeous girl that always got by on her looks would do. She convinced her boyfriend that she would be able to get a passing grade if she pulled the right moves. You don't have to guess where it goes from there. You know college kids, all they do is fuck, drink and sometimes find the time to study. Luckily for us, there's no studying going on in Myah's submission.

WorldMagsinet

GIRL NEXT DOOR NATALIE

This month we have one super cute and sexy girl that looks so sweet but is sooo naughty. Natalie is so adorable. She sent us one of the most amazing set of photos and video. Her boyfriend was filming her, as she was posing and looking hot as she flirted with him on video. She flirted with her hot ass booty, and we were dying to see more. Her sweet little pussy was so hot and wet, and she really knew how to use it. She worked that pussy from multiple angles, and we loved it. In the end we couldn't believe this innocent looking girl was a total freak we all fell in love with. So enjoy her pix and check out her amazingly hot video, too.

Can good friends become lovers?

We had been friends

for a while and I knew he liked me. Every relationship I had been in went sour within weeks and I didn't want to lose my best friend. Carlo was great about it too and though he often told me his feelings he never pressured me to say anything back. We hung out at my house almost daily after our college classes. Most days we would hang out on the porch swing or watch TV in my room and he would go home in the evenings. I loved spending time with Carlo because he wasn't like other guys. Not only could he bring me out of a bad mood almost instantly, make me laugh without trying; but we could lay on my bed and watch TV without him ever getting too friendly. We would cuddle, but that was the extent of it.

Today was like any other day. Carlo came over to my house and we grabbed a drink from the fridge and ran up to my room. I flipped the channels on the TV until I found a movie. As on every other day I had changed out of my school clothes into small

shorts and a body hugging T-shirt. Though I tried showing off what little I had, Carlo never took the bait. I wished every night that he would get a naughty streak one day and stop being so nice.

I had snuggled up to him and we had fallen asleep until I woke up with his arms wrapped around me. I noticed all the lights were off and there didn't seem to be any light coming from down-

stairs, nor any noise. Though at this time of the night, even on a Friday night like tonight, everyone was usually asleep. I wiggled out of Carlo's grip without him stirring. The moon was shining in my room and I had pretty good light. I couldn't help smiling because he was so darn cute. I whispered his name to see if he would wake up and the only reaction I got was for him to roll onto his back.

I had dreamt of this many nights, except in my dreams I woke up to him touching me and though the dreams varied, we always ended up making love.

If I woke him I would still be too shy to tell him to stay with me, but at the same time it seemed like a waste to just cuddle all night. While I was debating with myself, my hands had taken on a life of their own. I had started inching his shirt slowly upward, so as not to wake him, and started lightly running my hand on his stomach. I knew there wouldn't be an easy explanation if he woke up, but I was enthralled with how soft his

I was so horny that when I pulled my shorts down, just the slight touching of myself had made me moan from pleasure.

chest hair was. I ran my fingers around in his chest hair and lightly scratched my fingers down his side, giving him goose bumps.

He barely moved throughout my exploration of his stomach so I got bolder. I started running my fingers along the top of his jeans. Even in the darkened room there was enough light for me to see that I was having an effect on him. I had no clue what he was dreaming about but I'm sure they were turning sexual if they hadn't been before.

My own body was responding in ways I wasn't used to, which just served to let my shyness slip away. My body was on fire and I wanted him, needed him to wake up. I had masturbated before but I knew that it wouldn't suffice this time. Besides I would rather Carlo wake up to me touching him, than him waking up and seeing me fingering myself.

When I went from running my fingers along the top of his jeans to slowly undoing the button and unzipping them, I noticed a change in his breathing but continued. I was sure he was awake and if he wasn't going to stop me then I was going to see how far he let me go. I rubbed the very noticeable bulge through his boxers. I loved the effect I had on him. I slipped out of bed long enough

to close and lock my bedroom door. From the edge of the bed I could see that Carlo's eyes were open. I knew I had gone too far to explain why I was touching him in my sleep. I stood at the edge of the bed and started taking my clothes off.

Pretending I didn't notice he was awake, I pulled my T-shirt over my head and unsnapped my bra. I pulled my shorts off, leaving just my g-string on. It was soaked with my juices and for a moment I debated on taking it off, but decided to leave it on. I was so horny that when I pulled my shorts down, just the slight touching of myself had made me moan from pleasure. I ran my hands over my pussy, ever so lightly, but enough to make me moan again. I was beginning to believe it was a very vivid dream since Carlo hadn't tried stopping me.

When I crawled back into the bed, I straddled Carlo and kissed him. He kissed me back, pulling me closer to him. His first kiss sent tingles shooting throughout my body and I had a mini orgasm. Afraid to break the spell by talking, I used my flexibility to kiss him while slowly working his jeans off of him without breaking the kiss.

Maybe Carlo didn't quite realize that it wasn't a dream either, but he didn't try to stop me. I started grinding on him, loving the feel of his hard cock rubbing against my wet bottoms. I wanted him to fuck me then and there, but as soon as I started pulling his boxers off, I was flipped onto my back. He pulled away from me breathing heavily, trying to get himself under control.

I mean if we were going to do something to regret later, I wanted total release, not the pent up orgasm that had been building.

He ran his tongue around my nipples, lightly flicking them with his tongue, then engulfing them in the heat of his mouth.

I was stark naked. I pulled him back to me, kissing his neck and nibbling on his ear. With that I lowered my head to his crotch and licked him from his scrotum to the tip of his shaft. He groaned as my tongue licked at the hole in the end just before I wrapped my lips around the head and sucked him into my mouth. I took him just a few inches in as I looked up at his face. I drew back and then took him deeper. I began to pump his throbbing cock deeper into my mouth until I had almost all of him. I felt his cock hit the back of my throat as I sucked and licked him.

He pulled my head up and kissed me and I felt the heat building again. My body was begging for him, and the determination I had of keeping our relationship platonic had disappeared. If I had known that kissing him was going to awaken my body I would have done it earlier. He asked if this was what I really wanted. I don't think he was ready for the response I gave him. I whispered into his ear, "I love you and there's nothing I want right now more than to have you make love to me."

He kissed me with renewed passion. His hands traveled all over my body followed by his lips. I

thought his hands felt good on me, but his lips brought on a whole new wave of sensations. He ran his tongue around my nipples, lightly flicking them with his tongue, then engulfing them in the heat of his mouth. Every time he switched sides, the other ached for his touch again. I lost count of the orgasms wracking my body as I tried not to make much noise. My nails dug into his back. When he started rubbing his hand on my pussy, a whimper

escaped my lips. He found my clit and rubbed it while nibbling on my left nipple. I knew I was humping his hand and drenching it in juices. It didn't take long and I screamed into his shoulder as a huge orgasm hit me. Instead of being satisfied I wanted him inside of me. I had turned from shy to hornball and I didn't want to go back.

My politeness was gone and I ordered him to fuck me. He started to comply, hesitating at the entrance of my pussy. I gripped his cock and guided it in. It hurt a little bit, but before he could get all emotional about hurting me, I wrapped my legs around his waist and raised my ass off the bed forcing him to bury his cock into me. It felt so good. I didn't want it to ever stop. It felt so good but he didn't last long. I knew that though it was first time for us, it wouldn't be the last. I went to the bathroom to clean up. I took my time.

When I walked back into my room I saw my own fears mirrored on his face, but no regret, only the love he had shown me before. I kissed him laying his fears to rest, and cuddled him knowing this was the start of a wonderful relationship.
